

The Challenging Behaviour Workbook

A needs based approach

Introductory Workshop

**MHC Resources
Buttress House
Seaton Burn**

9.30 – 4.30 Thursday 19th August 2010

Are you interested in improving the care people with dementia and 'behaviours that challenge'? Multi-agency collaboration has resulted in the development of a workbook aimed at helping staff to understand and respond to people with dementia and 'challenging behaviours'.

This day workshop is planned as part of the launch of the workbook and is aimed at staff who work in non-statutory dementia care services in the region.

The day has been subsidised by Mental Health Concern and lunch, refreshments and workbooks will be supplied. A contribution of £10 per person towards costs is required to guarantee a place.

To book places please send your cheque, made payable to 'MHC Resources Ltd', to the address below by 2nd August 2010;

Administration Department, Mental Health Concern,
Buttress House, 36 Brenkley Way,
Seaton Burn, Tyne and Wear. NE13 6DS
