

### **SUPPORT WORKER (DEMENTIA CARE)**

As a Support Worker, you will be based within one of our dementia care Services. You should have a genuine desire to work with people with dementia.

Your primary role will be:

- delivering care to people with dementia, who often communicate through behaviours that challenge, using person-centred care
- meeting the resident's psychological needs by portraying a positive attitude and considerate approach
- meeting the resident's physical needs by carrying out planned care, as delegated by the qualified staff
- meeting the resident's social and fulfilment needs; aspects include hobbies, pastimes, handicrafts, social interaction, outings, and stimulating activities
- meeting the resident's intellectual needs; aspects include provision of reading material, newspapers, board games, conversation
- meeting the residents' fulfilment and spiritual needs
